

Name: Cory Siegrist, MBA

Project Role: Data Analyst

Affiliation: Geisinger Health System

City, State: Danville, PA

Phone: 570-214-6547

Personal Statement: I am currently a Clinical Innovation Analyst for the Center for Clinical Innovation at Geisinger Health System. I have been with the Geisinger organization for over 4 years, joining Geisinger Health Plan in 2011 before transitioning to the Center for Clinical Innovation in 2016. I received my BS in Finance from Penn State University and earned an MBA from Bloomsburg University. During my time with Geisinger I have worked extensively with population health teams to monitor workflows and develop health outcomes reporting.

Hobbies/Interests: Exercising, watching basketball, and spending time with family

Why this project is important to me: By aligning care with patient values and engaging patients in decision making we will be able to improve both patient outcomes and patient satisfaction.
