

Name: Jeremy DePrisco

Project Role: EMR/Tech Team

Affiliation: Geisinger Health System

City, State: Danville, PA

Phone: 570-214-3365

Personal Statement: Jeremy DePrisco is the IT Project Manager – Institute for Advanced Application

The Institute for Advanced Application is a mix of think tank and research laboratory strategically designed to be free from the constraints of conventional thinking about new technologies and innovative approaches for transforming the future of healthcare. IAA provides a nontraditional environment where bold, out-of-the-box thinking can flourish and where pioneering researchers can explore, define and disseminate new models of healthcare.

Since 2002 Jeremy has worked with Geisinger's Epic electronic records team as a shadower/trainer, Web Application analyst and project lead on a number of patient and physician portal projects. Jeremy has a passion for software design, patient experience and usability. He brings over ten years of experience working with the Epic EHR and patient portals (MyChart). Prior to Geisinger, Jeremy worked with AR billing systems at HealthAmerica. Jeremy holds an Associate's in Business Administration from Penn State University and a Bachelor's degree in Communication Studies from Bloomsburg University, specializing in Leadership and Social Influence.

Hobbies/Interests:

Intercultural communication, music performance, recording, sound design, microelectronics (Arduino), hot peppers.

Why this project is important to me:

This project is important to me because it's a new direction for CKD care and will provide our case managers with tools that they can use to provide the best care possible.
